## Mission:

To protect Galveston Bay and the Upper Texas Coast by providing an industry cooperative response to large releases (or threats of releases) of oil or other liquid spills.

## Operating area:

- Galveston Bay
- Houston Ship Channel
- Ports of Houston, Galveston, Freeport and Texas City
- Intracoastal Waterway (from Matagorda locks to the Texas/Louisiana border)

CCA maintains the highest OSRO classification and is also certified as a Discharge Cleanup Organization by the Texas General Land Office.

*Clean Channel 2*

*Clean Channel 3*

Storage capacity: 1,500 barrels  
Recovery capacity: 460 gallons per minute

Mobile skimmers with storage

- Worst case spill response capability
- Significant savings
- We maximize existing resources
- Demonstrates a corporate commitment to environmental protection
- Unique equipment
- Exercise planning and evaluation (PREP)
- Equipment deployment training
- HAZWOPER and ICS classes
- Public image

**“An industry co-op can help provide the “firehouse” response to contain an oil spill within the critical first six hours.”**

~Bill Hand-HFD
